Cookie Policy

What are cookies?

Cookies are small text files that are placed on your computer or mobile device from web sites you visit. They are widely used to make web sites work more efficiently for the benefit of users, and to provide information to website owners.

What are we using cookies for?

We use cookies to perform the queries we get from users on our website, thereby improving the platform's functionality. We also use cookies that are associated with certain functionality explicitly requested by web site users without which we would not be able to perform their orders.

We use third-party cookies to provide ads and other third-party supplier services. We may not be able to control the use of these cookies, so users have the option to change their settings and refuse to use them according to the procedure described below.

What cookies do we use?

The table below describes the cookies we use and why:

Name of cookie	Duration	Purpose
_ga	2 years	It is used to improve the website functionality intended to distinguish users.
_gid	24 hours	It is used to improve the website functionality intended to distinguish users.
_gat	1 minute	It is used to limit queries. If Google Analytics is implemented through Google Tag Manager, this cookie will be designated _dc_dtm_<property-id>.
MAGSESSID	While the user is on the page	It is used to identify the user and is responsible for the proper operation of the platform.
NID	2 years from the web site visit.	It is used to customize ads in products like Google Search. For example, it is used to remember the most recent searches, previous interactions with advertiser's ads or search results, as well as visits to the advertiser's website.
DivicePixelRatio	While the user is on the website	Ratio between physical pixels and logical pixels.
Ci_session	While the user is on the website	It is used for distinguishing the users.
Lang	While the user is	Language setup.

	on the website	
c_user, dart, fr, xs, wd, sb	All 'cookies' are kept until the session ends, except for the 'dart' that lasts 2 years and 'fr', which lasts for 2 months	These cookies are used for sending information to facebook when a registered user visit the website.

How can users change their cookie settings?

Most web browsers provide the option for control on the cookies through the settings of the browser. For more information about cookies, including what cookies are placed, go to www.aboutcookies.org or www.allaboutcookies.org.

For more information on managing cookies in the most popular web browsers:

- Google Chrome
- Microsoft Edge
- Mozilla Firefox
- Microsoft Internet
- Opera
- Apple Safari

We plan to improve our services in the future by enabling users to change their settings more easily and comprehensively, thereby to further protect the fundamental rights and freedoms of users in the process of provision and use of electronic communications services.
