

NEUROSURGERY – FACTS  FUTURE

**EANS2018
Brussels**

October 21 – 25

eans2018.com

THE EUROPEAN ASSOCIATION
OF NEUROLOGICAL SOCIETIES

**Congress
Programme**

- P1053** **Current MCA aneurysm treatment: single-institution experience**
G. Mrak, J. Nemir, K. Brgić, J. Paladino, A. Desnica, V. Lupret
- P1054** **Endovascular treatment of aneurysms of patent anterior communicating artery**
S. Badalyan, R. Fanarjyan, T. Khachatryan
- P1055** **A rare case report of giant pericallosal artery aneurysm and review of the literature**
A. Kosyrkova, A. Gavrilov, Sh. Eliava
- P1056** **The classification of intracranial aneurysm neck: a single center research experience**
D. Kang, C. Huang
- P1057** **Combination of radical clot removal with multiple-drug therapy prevents cerebral vasospasm in aneurysmal subarachnoid hemorrhage**
H. Saito, K. Takizawa, S. Takebayashi, J. Sakurai, H. Koizumi, T. Kobayashi, R. Kobayashi, S. Kuroda
- P1058** **An argument for neurogenic induced severe apnea as the potential initiating event in Sudden Death or cardiopulmonary arrest following SAH**
G. Britz, E. Golanov
- P1059** **A computer-assisted risk prediction design for complicated ruptured intracranial aneurysm surgery**
N. Soultanian, N. Soultanian, A. Zali, M. Brainin
- P1060** **Endovascular trapping for anterior cerebral artery dissecting aneurysms**
J. Delaunois, G. Milbouw, P. Goffette, G. Koerts
- P1061** **Assisting techniques in the endovascular treatment of cerebral aneurysms**
V. Kiselev, R. Gafurov, A. Sosnov, A. Perfilev
- P1062** **Clinical experience of impressive unruptured aneurysms**
S. Matsuo, T. Moriyama, T. Hori, K. Asakuno, H. Yoshimoto, H. Shiramizu, A. Ishida, M. Katoh, A. Nemoto, Y. Sasaki, K. Nakase
- P1063** **Minimally invasive lateral orbital approach for clipping of intracranial aneurysm in the acute stage after subarachnoid bleeding**
L. Laleva, T. Spiriev, M. Milev, V. Stefanov, N. Mladenov, M. de Notaris, C. Tzekov, V. Nakov
- P1064** **Microcirculatory disturbance aneurysmal subarachnoid hemorrhage 'its evaluation and treatment'**
H. Ohkuma, M. Naraoka, T. Katagai, N. Shimamura
- P1065** **Differences in SAH extension, severity and outcome in patients with ruptured small intracranial aneurysms and correlation with morphological factors: results of a 6 year cohort study**
J.P. Andrade, A. Themudo Barata, C. Reizinho, A. Luis, P. Pires, J.N. Ramos, G. Branco, J. Cabral
